

YEAR Annual Conference 2023 – Hosted by Tyndall, Ireland Creating Innovative Multi-Disciplinary Teams

A highly dynamic interactive event facilitated by Jay Chopra PhD, Making Shift Happen www.makingshifthappen.ie

| Welcome and Introductions Science of Trust: The Building Block of Innovative Teams 5 Creative Behaviours of Innovative Teams: Interactive Session Herrmann Whole Brain® Model: Interactive Session • The Fundamentals • Building Diverse by Design Innovative Teams comprised of the 4 Whole Brain® Thinking Styles • Attendees self-identify their individual thinking preferences • Understanding Team Thinking Preferences using the Whole Brain® Thinking Scorecard • Whole Brain® Thinking Tools: Frameworks and Checklists to help participants operationalise Whole Brain® Thinking into day-to-day work - focusing on Innovation, Problem Solving, Decision Making, and Communication Preparing for the World Café problem solving on Day 2: Pose the Challenge(s) Day 2 Day 1 Recap: Key Learnings Defining and Understanding the Problem(s) using Innovation Tools | Day 1 | |
